Logistical Aid from A to Z . . .

Phoenix Logistics

Vision

The empowerment of those in need through logistics that gathers and delivers humanitarian aid and puts these very people at the helm of distribution.

Our Mission

Facilitating the work of humanitarian aid organizations through the timely collection and delivery of humanitarian relief of all kinds, such as food, shelter, and medicine to those in need by means that are highly secure, yet cost effective.

Services Provided

Logistic Services

- Gathering and preparing all forms of humanitarian aid to be distributed within Syria, including: individual rations; medical and sanitary equipment; shelter; and educational kits.

- Forwarding of aid using one of our many reputable air, land and/or sea forwarding partners.
- Facilitating custom clearance with the help of our highly-experienced team.
- Warehousing that protects aid and ensures it reaches those in need in the best of conditions.
- Provision of information critical to efficiency such as where to purchase aid, a list of regions according to degree of need and trustworthy organizations to work with.
- Distribution of aid in rations according to need.
- Pre- and post-distribution analyses to ensure the timely allotment of aid in the appropriate quantities. Furthermore, we evaluate its effectiveness in alleviating the needs of those aided.
- Documentation in the form of videos, photographs and files, thus keeping our clients up-to-date and facilitating the publicizing of works done.
- Ensuring safe passage for officials desiring on-ground inspection.
- Organization of conferences and all pertaining matters, including: airline tickets for convening parties, hotel reservations, ground transportation and media coverage.

Infrastructural Aid

- Unearthing of water sources using our expertise in combination with state-of-the-art equipment and local labor force. We also educate on proper maintenance these sources.
- Generators: These not only provide power necessary to run machinery, but also provide electricity for hospitals and shelters.
- Constructing tents for families, medical teams and all other necessary purposes.
- Supplying homes and shelters with imperative materials such as furniture, kitchen utensils and daily hygienic necessities.
- Restorations of at-risk buildings after carrying out a cost-benefit analysis.

The Phoenix Difference

Of our many distinguishing qualities, perhaps the most important is our being conscience-driven. We provide services essential to survival in an extremely organized fashion, while turning a profit.

Our other distinctions include:

- Comprehensive knowledge of sociopolitical happenings, not only within Syrian borders but also outside, as well as the ever-changing needs of its victims.
